WILSON & MORGAN BARREL SELECTION

Classic Selection

Glenrothes 2006

"1st fill Sherry Wood"

A full bodied, richly fruity and intense Speyside malt fully matured in Oloroso sherry casks, traditionally the best choice for enhancing the robust style of distillate from this area of Scotland. A special edition from a vatting of three butts with complementary flavour profiles, to reach the perfect balance between malty sweetness, winey character, flowery aromas, autumnal nuttiness and summery red fruits. Retaining a very marked robustness even when adding a tiny drop of water for a more leisurely enjoyment, it is a classically styled malt from this distillery, biscuity but without any hint of cloying sweetness: the firm mineral character and the dry and peppery finish are just the right complement to guarantee complexity and multi-dimensionality. A fantastic after-dinner malt, to be savoured slowly.
